Intelligent Data Exploration and Adaptive Meaningful Visualizations

- Enable human-centred adaptive data visualizations
- Facilitate more efficient and effective data exploration and analysis of complex and multivariate business datasets
- Enable more effective decision making on critical business tasks

InSPIRE Research Center (inspirecenter.org/) will organize a workshop on adaptive data visualizations and business data analytics. The event will be held online featuring presentations on the outcomes and findings of the research project IDEALVis.

Workshop co-Chairs:

Dr. Panayiotis Andreou
Dr. Panagiotis Germanakos

Participation is Free, but with registration.
For more information please contact
Christos Amyrotos (CAmyrotos@uclan.ac.uk)

The IDEALVis project (EXCELLENCE/0918/0366) is partially funded by the European Regional Development Funds and the Republic of Cyprus through the Research & Innovation Foundation
